## Online Services & Payment Solutions

### Services

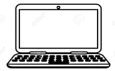

TaxGlance Lookup is a complete lookup service that will allow your residents the opportunity to search, review, and print their tax bills online. Town/county, Village and School Tax information can be accessed by residents, lawyers and mortgage professionals alike. The payment feature can be added at no additional cost.

Quick Pay for Clerks is a web portal that gives the ability to accept over-the-counter credit/debit card payments. There is also a DOG LOOKUP function available if your municipality would like residents to be able to access dog license information and pay applicable expiring licenses online.

Quick Pay for Water & Sewer Billing is an online lookup service that allows residents to view and pay the current balance on their account. Account information is updated daily and payments are suspended during penalty assessment periods.

Water & Sewer Email Billing gives the option to have billing sent by email notification, mailed, or both. Residents will also have 24/7 access to their accounts and have the ability to pay balances online via debit/credit card or e-check.

### Overview

**Payments** - Williamson has partnered with Payment Processing Consultants (PPC) to offer electronic payments. PPC is a locally owned New York State company with an A+ BBB rating and extensive industry experience. All major credit/debit cards and e-checks can be processed reliably and securely. Payments may be made at the counter or via our sophisticated online payment portal.

**Lookup** - Our lookup services are fast, powerful searches that give easy access to the information your residents need.

**Reporting** - Quick and easy reporting gives you access to all pertinent information and includes the ability to **upload online payments** for water/sewer payments and for tax payments made.

**Public Message** - Customize the public message to be displayed to residents online.

**Online backups/updates on server** - The information displayed online is updated daily based on your most recent online backup. Both the online backup and the updates take place by way of our secure servers.
